

REHES News 1/2020

About

This newsletter is in line with the [REHES Research on Higher Education and Science in Switzerland initiative](#) to strengthen the network of scientists that contribute with research on the Swiss higher education system. The newsletter is divided into three parts: We invite colleagues to share information about (1) publications and projects, (2) conferences and calls as well as (3) further news related to higher education research and science studies that might be interesting to the network.

1. Publications and Projects

In this category we invite participants to share their own publications, inform about new projects they are about to launch (e.g. including field work) or other interesting publications they want to share. The publications and projects should be related to higher education research and science studies.

Zurich Survey of Academics

The Institute of Sociology of the University of Zurich has commissioned the Umfragezentrum Bonn (uzbonn, Bonn Survey Centre) to conduct a survey among academics at universities in Germany, Austria and Switzerland.
